Hi Howard:

Since the David Evans involved is no longer at EPA, and I agree that since the documents originated with EPA I can reasonably assume that they were vetted by the EPA, I believe that, if you have no comments, this FOIA can be closed out.

Please let me know if you have questions or concerns. If you have no comments I will contact the NOAA FOIA officer for closure.

Unfortunately, you reached out to the wrong David Evans at EPA. I believe you are looking for the David Evans who once managed the Office of Wetlands in the Office of Water (OWOW). It is my understanding that David retired, but OW management should be able to confirm.

Best,

Dave

Hi Joan,

This is a FOIA that originated at EPA. A portion of the responsive documents were referred to USACE, and then a portion of that was referred to us because the documents seemed to contain CEQ equities. During our review, we noticed some EPA equities so we wanted to check back with you to see if these documents were already vetted by EPA, particularly the portions that talk about enhanced coordination process (ECP).

Attached is what we were about to release to the requester when we noticed the ECP language. Also attached are the FOIA request and referrals.

Hi Joan,

The FOIA referral we were talking about last week originated from EPA and has a lengthy history. Due to the composition of the requester (multiple requesters including New York Times,

PEER, and Dow Jones) and the complexity of the request (now involving EPA, USACE, CEQ, Fish and Wildlife, and OSMRE) I am not inclined to send out still-interested letters, and would prefer to try to close out CEQ's portion of the FOIA response. Is there a good time I can give you a call on the way ahead?

Joan and Victoria –

I'm very sorry for the delay on this (we had a few pieces of litigation responses that we were trying to get out). Unfortunately I can't pull up the second PDF in this one, which are the actual documents for our review (though I was able to see the first, the actual request). Is this one maybe small enough where it could be sent as a PDF as an attachment to an e-mail?

Also, I'm afraid we've had some confusion on what consultations we currently owe you – if it's two or three.

That worked. Thanks so much for sending it this way. Also, is it ok if we respond with one merged PDF instead of seven separate ones? (It is easier for our process internally).

Thank you,

Trent

Joan and Victoria –

I'm very sorry for the delay on this (we had a few pieces of litigation responses that we were trying to get out). Unfortunately I can't pull up the second PDF in this one, which are the actual documents for our review (though I was able to see the first, the actual request). Is this one maybe small enough where it could be sent as a PDF as an attachment to an e-mail?

Also, I'm afraid we've had some confusion on what consultations we currently owe you – if it's two or three. [Ex. 5 - Deliberative Process]

[Ex. 5 - Deliberative Process]  
[Ex. 5 - Deliberative Process] Is that correct, or is the one below one of those other two? Sorry about this, and sorry for our delay.

Thank you,

Trent

Joan and Victoria –

I'm very sorry for the delay on this (we had a few pieces of litigation responses that we were trying to get out). Unfortunately I can't pull up the second PDF in this one, which are the actual documents for our review (though I was able to see the first, the actual request). Is this one maybe small enough where it could be sent as a PDF as an attachment to an e-mail?

Also, I'm afraid we've had some confusion on what consultations we currently owe you – if it's two or three.

Please see the attached OMB request for consultation. The attached documents are responsive to a FOIA request from Energy Future Coalition. The attached proposed release contains EPA equities. (All e-mail attachments for this request are currently being withheld though they may be reviewed at a later date.) Accordingly, we are providing the documents to your Office for consultation prior to our response to the requestor. If possible, please let me know whether you have any comments and/or any proposed redactions by **COB, JANUARY 7, 2017**. (I apologize for the RUSH.) To be of assistance, I have also attached a copy of the original FOIA request from Energy Future Coalition, for your reference. Thank you very much and please let me know if you have any questions.

**Note:**

This concerns the above-referenced FOIA request/lawsuit. **Please be advised that this request is currently the subject of litigation in Energy Future Coalition, et al. v. OMB, et al., CA 15-1987 (CKK). Please note that OMB's production deadline for this material is February 10, 2016, therefore we are requesting this response as soon as possible.**

Joan —

Thank you for your e-mail. It looks like only a few of these are OMB, while a lot of them are WHO. Am I correct that there are not OMB equities on all of the pages? I think it would make

sense, if you don't mind, to send us just those with OMB equities, and then you can separately send the White House equities to your contact there.

Thank you,

Trent

Hello Trent:

Please see the attached request and responsive documents that contain OMB equities. Some redactions were made in Relativity e-Discovery software and some were made in Adobe software, hence the difference in redaction -appearance.

The requester, John O'Grady of the AFGE Council, is seeking emails sent to or from Don Benton, relating to the proposed EPA budget, and regional office closures, for the period of January 1, 2017 – March 9, 2017.

Thank you for your time. Please contact me with questions.

Joan –

Thank you for your e-mail. It looks like only a few of these are OMB, while a lot of them are WHO. Am I correct that there are not OMB equities on all of the pages? I think it would make sense, if you don't mind, to send us just those with OMB equities, and then you can separately send the White House equities to your contact there.

Thank you,

Trent

Hello Trent:

Please see the attached request and responsive documents that contain OMB equities. Some redactions were made in Relativity e-Discovery software and some were made in Adobe software, hence the difference in redaction -appearance.

The requester, John O'Grady of the AFGE Council, is seeking emails sent to or from Don Benton, relating to the proposed EPA budget, and regional office closures, for the period of January 1, 2017 – March 9, 2017.

Thank you for your time. Please contact me with questions.

Hello John:

Please see the attached request and responsive documents for your review.

Because the documents contain OMB equities as well as White House equities, I shared the document-set with Trent Holbrook.

Some redactions were made in Relativity e-Discovery software and some were made in Adobe software, hence the difference in redaction -appearance.

Hello Trent:

Attached is a pdf for your review. Two OMB staff members, Angeli Patel at Ex. 6 - Personal Privacy and Caroline Ross at Ex. 6 - Personal Privacy names appear in the records.

Here is a copy of the EPA FOIA Request.

*This is a request for copies of records maintained by the United States Environmental Protection Agency (EPA) under the Freedom of Information Act. Specifically, I am requesting: 1. Communications between EPA staff and any individual with an email domain ending in @ptt.gov or trumporg.com. Please search the agency's record of official correspondence as well as the email accounts of the attached individuals. 2.*

*Communications, including electronic and letter correspondence, presentations, memorandum, and briefing materials and any attachments, Slack messages, and Skype for Business correspondence between agency staff and members of the transition landing team, including Myron Ebell, Chris Horner, Don Benton, Holly Greaves, Roger Martella, George Sugiyama, David Schnare, Joseph Desilets, Charles Munoz, Patrick Davis, David Kreutzer, Doug Ericksen, Justin Schwab, Layne Bangerter, and Brian Dandel. 3. Internal agency communications, including email, written correspondence, Slack Messages, and records of Skype for Business communications, that reference Myron Ebell. Please search the agency's record of official correspondence as well as the email accounts of the attached individuals. 4. Copies of Shannon Kenny's schedule from November 9 to January 19. 5. A copy of the the Trump transition team's Agency Action Plan. On January 23, 2017, there was a media report referencing the Agency Action Plan authored by Myron Ebell with a section titled "Addendum on the problems with ETA science." I am requesting the full report. 6. Copies of communications about the Agency Action Plan referenced above. Please use the same list of people referenced in the second part of this request.*

Hi Howard:

Since the David Evans involved is no longer at EPA, and I agree that since the documents originated with EPA I can reasonably assume that they were vetted by the EPA, I believe that, if you have no comments, this FOIA can be closed out.

Please let me know if you have questions or concerns. If you have no comments I will contact the NOAA FOIA officer for closure.

Not because they refer to ECP- actually the presence of the ECP language is what raised a red flag with us. The reason I suspect they may already be vetted by EPA is because this FOIA originated from EPA.

Hello Dave,

I am contacting you because I coordinate FOIA consultations with the Executive Office of the President. I received the attached from Howard Sun, our EOP/ CEQ FOIA contact.

Howard would like to confirm that, because these documents refer to enhanced coordination process (ECP), they were vetted by EPA. Could you confirm that information, or refer me to another person who may have knowledge of the document review?

This FOIA request dates from 2012, so if you are not the correct point-of-contact I apologize!

I apologize for another e-mail about the FOIA consultations that you have sent us, but I wanted to follow up to an older one that you had sent to Michele Holt back in December that we are trying to wrap up. I am attaching a copy of the e-mail that you had sent, which we assigned number 17-039, and there 13 pages of documents for our review. We are getting close to finishing that one (I apologize for the delay), but I wanted to see if you could please send me a copy of the actual FOIA request this is responsive to. (I have others that are on the Social Cost of Carbon, but I wasn't sure if this was from that same FOIA request or a different one.)

Joan and Victoria –

I'm very sorry for the delay on this (we had a few pieces of litigation responses that we were trying to get out). Unfortunately I can't pull up the second PDF in this one, which are the actual documents for our review (though I was able to see the first, the actual request). Is this one maybe small enough where it could be sent as a PDF as an attachment to an e-mail?

Also, I'm afraid we've had some confusion on what consultations we currently owe you – if it's two or three.

Hello:

The attached records, concerning the triennial review of water quality control plans for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary, also referred to as Bay-Delta, contain the Executive Office of the President's Council on Environmental Quality email addresses and may contain other CEQ equities.

The EPA is producing these records in response to a Freedom of Information Act (FOIA) request. The request is also attached for your reference. We request your review and comment regarding CEQ equities before we release these records.

In order to meet our mandated document release deadlines, **I need your response by DECEMBER 15<sup>TH</sup>**. Please inform me whether your content is releasable or requires further redaction.

Also please note that we plan to release this material to the public during the last two weeks of December.

I look forward to hearing from you and please let me know if you have questions.

Hello:

The attached records, concerning the triennial review of water quality control plans for the San Francisco Bay/Sacramento-San Joaquin Delta Estuary, also referred to as Bay-Delta, contain the Executive Office of the President's Council on Environmental Quality

email addresses and may contain other CEQ equities.

The EPA is producing these records in response to a Freedom of Information Act (FOIA) request. The request is also attached for your reference. We request your review and comment regarding CEQ equities before we release these records.

In order to meet our mandated document release deadlines, **I need your response by DECEMBER 15<sup>TH</sup>**. Please inform me whether your content is releasable or requires further redaction.

Also please note that we plan to release this material to the public during the last two weeks of December.

I look forward to hearing from you and please let me know if you have questions.

Thank you,

Joan

I am sharing the records because they contain White House Counsel equities and will be released in response to several media requests regarding the Flint, Michigan water crises.

If you need to share these files with others, you will need to download them to your network.

Please let us know if you have comments or requests regarding redactions. We would like to release these records in early December so I am requesting a response by Tues., Nov. 28<sup>th</sup>. If we do not receive a response by then, we may have to release the records before we have had the opportunity to incorporate your requested changes.

Thank you for your help with this work,

Hello Dionne:

Because of email system limitations, I am sending you 4 emails - 3 more follow this one - with a total 15 attachments totaling 297 pages of records.

The records, created during the 2015 Flint, Michigan water crisis, contain equities belonging to the Executive Office of the President's Office of Management and Budget.

The EPA is producing these records in response to multiple Flint Freedom of Information Act (FOIA) requests. I attached one of the many requests to which these documents are responsive. We request your review and comment regarding OMB equities before we release these records.

**Unless I receive a request to edit our redactions, we will release this material by November 17<sup>th</sup>.**

Please contact me with questions or concerns.

Thank you,

Joan

Your case: EPA-R5-2016-003604

**Ex. 5 - Deliberative Process**

The National Security Council staff has completed a review of the pages referred to us in the above case and made the following determinations:

We determined that these pages may be released as redacted, with additional portions withheld

under FOIA (b)(5) and (b)(6) as shown on the documents in green. In addition, we concur with each of your redactions.

Additionally, if you have not already done so, we would recommend that these pages be referred to the Office of Management and Budget for review of their potential equity.

Hello Ex. 6 - Personal Privacy

Attached is one FOIA request to which these documents will be responsive. There are several similar requests that ask for the same materials.

There is no litigation but we are required by the EPA Assistant Administrator to complete FOIA requests, older than 2017, before the end of the CY. We are required to report our progress every month.

Thank you in advance for helping us meet our internal deadline,

Joan

Hello Julia:

We need to provide you with Flint records divided into 64 pdfs. I can email them to you by sending them in 16 emails.

However, sometimes the most efficient method for reviewers is for me to email records in consecutive, numbered emails.

Please let me know your preference.

I am sharing the records because they contain White House Counsel equities and will be released in response to several media requests regarding the Flint. Michigan water crises.

If you need to share these files with others, you will need to download them to your network.

Please let us know if you have comments or requests regarding redactions. We would like to release these records in early December so I am requesting a response by Tues., Nov. 28<sup>th</sup>. If we do not receive a response by then, we may have to release the records before we have had the opportunity to incorporate your requested changes.

Good Afternoon:

Attached please find one page for your review. EPA notified the court through an August 14, 2017 Joint Status Report that EPA expects to complete production of all responsive, non-exempt agency records to Judicial Watch by November 13, 2017.

Because we seek to release this document on Monday, November 13<sup>th</sup> ***we request your feedback by Friday, November 10<sup>th</sup>.***

This document is responsive to a FOIA request for, “[a]ll internal emails or other agency records concerning project administration, management, or assignment of tasks related to the EPA’s use of the Thunderclap social media platform relating to its ‘Waters of the United States’ rulemaking or policy efforts in 2014 and 2015. The request is limited to agency records that were created or obtained by the Agency between January 1, 2014 and July 31, 2015.”

Please let me know if you have questions.

## Ex. 5 - Deliberative Process

I am sharing the records because they contain White House Counsel equities and will be released in response to several media requests regarding the Flint, Michigan water crises.

If you need to share these files with others, you will need to download them to your network.

Please let us know if you have comments or requests regarding redactions. We would like to release these records in early December so I am requesting a response by Tues., Nov. 28<sup>th</sup>. If we do not receive a response by then, we may have to release the records before we have had the opportunity to incorporate your requested changes.

Thank you for your help with this work,

Hello Trent:

Attached is a pdf for your review. Two OMB staff members, Angeli Patel at [Ex. 6 - Personal Privacy] and Caroline Ross at [Ex. 6 - Personal Privacy] names appear in the records.

Here is a copy of the EPA FOIA Request.

*This is a request for copies of records maintained by the United States Environmental Protection Agency (EPA) under the Freedom of Information Act. Specifically, I am requesting: 1. Communications between EPA staff and any individual with an email domain ending in @ptt.gov or trumporg.com. Please search the agency's record of official correspondence as well as the email accounts of the attached individuals. 2. Communications, including electronic and letter correspondence, presentations, memorandum, and briefing materials and any attachments, Slack messages, and Skype for Business correspondence between agency staff and members of the transition landing team, including Myron Ebell, Chris Horner, Don Benton, Holly Greaves, Roger Martella, George Sugiyama, David Schnare, Joseph Desilets, Charles Munoz, Patrick Davis, David Kreutzer, Doug Ericksen, Justin Schwab, Layne Bangerter, and Brian Dandel. 3. Internal agency communications, including email, written correspondence, Slack Messages, and records of Skype for Business communications, that reference Myron Ebell. Please search the agency's record of official correspondence as well as the email accounts of the attached individuals. 4. Copies of Shannon Kenny's schedule from November 9 to January 19. 5. A copy of the the Trump transition team's Agency Action Plan. On January 23, 2017, there was a media report referencing the Agency Action Plan authored by Myron Ebell with a section titled "Addendum on the problems with ETA science." I am requesting the full report. 6. Copies of communications about the Agency Action Plan referenced above. Please use the same list of people referenced in the second part of this request.*

No worries – I know it’s confusing with the whole “EOP” thing

One thing I would note on this, though, is that there were two places where you had redacted OMB e-mail addresses. You do not need to redact those.

Thanks so much!

Trent

Trent, after all of this back and forth, I see that these documents need to go to John Moran in the White House Counsel's office.

You do not need to do anything with them.

Joan –

I'm working to try and wrap this up. Sorry I just noticed, but, again, several of the documents in this request do not appear, at least at first glance, to directly have OMB equities (in that they were not sent to/from an OMB address). I believe you said before that with the Social Cost of Carbon requests there was an agreement that all the agencies involved would review each of the documents. Was there something similar with this, or were we sent the documents for another reason – for example there may be equities even though OMB was not sent nor received the e-mails?

Thank you,

Trent

• Re your ability to view EPA-HQ-2015-006182, I called the Max.gov help desk for their advice.

Joan and Victoria –

I'm very sorry for the delay on this (we had a few pieces of litigation responses that we were trying to get out). Unfortunately I can't pull up the second PDF in this one, which are the actual documents for our review (though I was able to see the first, the actual request). Is this one maybe small enough where it could be sent as a PDF as an attachment to an e-mail?

Also, I'm afraid we've had some confusion on what consultations we currently owe you – if it's two or three. I have the one "Social Cost of Carbon" (which we assigned 17-040, and which had 142 items), the one below, and the one we assigned 17-039 (which was another "Social Cost of Carbon" request that had 13 documents, which we have PDFs of.) Is that correct, or is the one below one of those other two? Sorry about this, and sorry for our delay.

Thank you,

Trent

Hello Julia:

## Ex. 5 - Deliberative Process

I am sharing the records because they contain White House Counsel equities and will be released in response to several media requests regarding the Flint, Michigan water crises.

If you need to share these files with others, you will need to download them to your network.

Please let us know if you have comments or requests regarding redactions. We would like to release these records in early December so I am requesting a response by Tues., Nov. 28<sup>th</sup>. If we do not receive a response by then, we may have to release the records before we have had the opportunity to incorporate your requested changes.

Thank you for your help with this work,

Joan

Joan and Victoria –

I'm very sorry for the delay on this (we had a few pieces of litigation responses that we were trying to get out). Unfortunately I can't pull up the second PDF in this one, which are the actual documents for our review (though I was able to see the first, the actual request). Is this one maybe small enough where it could be sent as a PDF as an attachment to an e-mail?

Also, I'm afraid we've had some confusion on what consultations we currently owe you – if it's two or three.

Hello Dionne:

Because of email system limitations, I am sending you 4 emails - 3 more follow this one - with a

total 15 attachments totaling 297 pages of records.

The records, created during the 2015 Flint, Michigan water crisis, contain equities belonging to the Executive Office of the President's Office of Management and Budget.

The EPA is producing these records in response to multiple Flint Freedom of Information Act (FOIA) requests. I attached one of the many requests to which these documents are responsive. We request your review and comment regarding OMB equities before we release these records.

**Unless I receive a request to edit our redactions, we will release this material by November 17<sup>th</sup>.**

Please contact me with questions or concerns.

Good Afternoon:

Attached please find one page for your review. EPA notified the court through an August 14, 2017 Joint Status Report that EPA expects to complete production of all responsive, non-exempt agency records to Judicial Watch by November 13, 2017.

Because we seek to release this document on Monday, November 13<sup>th</sup> ***we request your feedback by Friday, November 10<sup>th</sup>.***

This document is responsive to a FOIA request for, “[a]ll internal emails or other agency records concerning project administration, management, or assignment of tasks related to the EPA’s use of the Thunderclap social media platform relating to its ‘Waters of the United States’ rulemaking or policy efforts in 2014 and 2015. The request is limited to agency records that were created or obtained by the Agency between January 1, 2014 and July 31, 2015.”

Hello John:

Because of email system limitations, I am sending you 3 emails - 2 more follow this one - with a total 11 attachments containing a total of 173 pages of records.

The records, created during the 2015 Flint, Michigan water crisis, contain the Executive Office of the President's National Security Council email addresses. The EPA is producing these records in response to multiple Flint Freedom of Information Act (FOIA) requests. We request your review and comment regarding White House equities before we release these records.

**Unless I receive a request to edit our redactions, we will release this material by November 17<sup>th</sup>.**

Please contact me with questions or concerns.

Thank you,

Joan

Hello John:

I did not hear from Julia today so felt I should check with you. We have an EPA mandate to complete older FOIAs and Flint is scheduled to be closed out.

We wanted to take the next step in our document production processing but I am holding until I hear from you.

Can you please let me know if you need more review time or have questions regarding the documents?

Regards,

Joan

## **Ex. 5 - Deliberative Process**

I am sharing the records because they contain White House Counsel equities and will be released in response to several media requests regarding the Flint. Michigan water crises.

If you need to share these files with others, you will need to download them to your network.

Please let us know if you have comments or requests regarding redactions. We would like to release these records in early December so I am requesting a response by Tues., Nov. 28<sup>th</sup>. If we do not receive a response by then, we may have to release the records before we have had the opportunity to incorporate your requested changes.

Thank you for your help with this work,

Joan

**Subject:** EPA FOIA Litigation: request for CEQ equity review of one page about to be released in Judicial Watch, Inc. v. U.S. EPA, Case No. 17-1218-KBJ (D.D.C.)

Good Afternoon:

Attached please find one page for your review. EPA notified the court through an August 14, 2017 Joint Status Report that EPA expects to complete production of all responsive, non-exempt agency records to Judicial Watch by November 13, 2017.

Because we seek to release this document on Monday, November 13<sup>th</sup> ***we request your feedback by Friday, November 10<sup>th</sup>.***

This document is responsive to a FOIA request for, “[a]ll internal emails or other agency records concerning project administration, management, or assignment of tasks related to the EPA’s use of the Thunderclap social media platform relating to its ‘Waters of the United States’ rulemaking or policy efforts in 2014 and 2015. The request is limited to agency records that were created or obtained by the Agency between January 1, 2014 and July 31, 2015.”

Please let me know if you have questions.

Hello Dionne:

Because of email system limitations, I am sending you 4 emails - 3 more follow this one - with a total 15 attachments totaling 297 pages of records.

The records, created during the 2015 Flint, Michigan water crisis, contain equities belonging to the Executive Office of the President's Office of Management and Budget.

The EPA is producing these records in response to multiple Flint Freedom of Information Act (FOIA) requests. I attached one of the many requests to which these documents are responsive. We request your review and comment regarding OMB equities before we release these records.

**Unless I receive a request to edit our redactions, we will release this material by November 17<sup>th</sup>.**

Please contact me with questions or concerns.

Thank you,

Joan

Hello Dionne:

I am about to send you a series of emails with documents.

The documents will be released in response to the attached FOIA request. I am contacting you because the documents contain OMB equities.

We are providing these documents for OMB awareness and we request comments regarding our redactions.

We plan to release these documents by November 1<sup>st</sup>. *If possible, supply comments by October 31<sup>st</sup>.*

Thank you!

Hey Joan,

I've just completed uploading the files you've referred to us, and I just wanted to confirm: your email below says we're getting 11 files containing 173 pages, but what we actually received was 11 files of **137** pages. I figure it's just a typo in the email, but I wanted to make sure that we received everything we're supposed to!

Let me know if you have any questions.

Thanks,  
Tom

Hello:

I am sending this and two following emails at the request of John Moran, Counsel to the President.

**Ex. 5 - Deliberative Process**

You will receive a total 11 attachments containing a total of 173 pages of records.

The records, created during the 2015 Flint, Michigan water crisis, contain the Executive Office of the President's National Security Council email addresses. The EPA is producing these records in response to multiple Flint Freedom of Information Act (FOIA) requests. We request your review and comment regarding White House equities before we release these records.

**Unless I receive a request to edit our redactions, we will release this material by November 17<sup>th</sup>.**

Please contact me with questions or concerns.

Hello Julia:

We need to provide you with Flint records divided into 64 pdfs. I can email them to you by sending them in 16 emails.

## **Ex. 5 - Deliberative Process**

However, sometimes the most efficient method for reviewers is for me to email records in consecutive, numbered emails.

Please let me know your preference.

Thank you,

Joan

Hello John:

Please see the attached request and responsive documents for your review.

Because the documents contain OMB equities as well as White House equities, I shared the document-set with Trent Holbrook.

Some redactions were made in Relativity e-Discovery software and some were made in Adobe software, hence the difference in redaction -appearance.

The requester, John O'Grady of the AFGE Council, is seeking emails sent to or from Don Benton, relating to the proposed EPA budget, and regional office closures, for the period of January 1, 2017 – March 9, 2017.

Thank you for your time. Please contact me with questions.

Thank you for your e-mail. It looks like only a few of these are OMB, while a lot of them are WHO. Am I correct that there are not OMB equities on all of the pages? I think it would make

sense, if you don't mind, to send us just those with OMB equities, and then you can separately send the White House equities to your contact there.

Good Afternoon:

Attached please find one page for your review. EPA notified the court through an August 14, 2017 Joint Status Report that EPA expects to complete production of all responsive, non-exempt agency records to Judicial Watch by November 13, 2017.

Because we seek to release this document on Monday, November 13<sup>th</sup> ***we request your feedback by Friday, November 10<sup>th</sup>.***

This document is responsive to a FOIA request for, “[a]ll internal emails or other agency records concerning project administration, management, or assignment of tasks related to the EPA’s use of the Thunderclap social media platform relating to its ‘Waters of the United States’ rulemaking or policy efforts in 2014 and 2015. The request is limited to agency records that were created or obtained by the Agency between January 1, 2014 and July 31, 2015.”

Hello John:

Because of email system limitations, I am sending you 3 emails - 2 more follow this one - with a total 11 attachments containing a total of 173 pages of records.

The records, created during the 2015 Flint, Michigan water crisis, contain the Executive Office of the President's National Security Council email addresses. The EPA is producing these records in response to multiple Flint Freedom of Information Act (FOIA) requests. We request your review and comment regarding White House equities before we release these records.

**Unless I receive a request to edit our redactions, we will release this material by November 17<sup>th</sup>.**

Please contact me with questions or concerns.

Hello Trent:

Attached is a pdf for your review. Two OMB staff members, Angeli Patel at

Ex. 6 - Personal Privacy and Caroline Ross at Ex. 6 - Personal Privacy names appear in the records.

Here is a copy of the EPA FOIA Request.

*This is a request for copies of records maintained by the United States Environmental Protection Agency (EPA) under the Freedom of Information Act. Specifically, I am requesting: 1. Communications between EPA staff and any individual with an email domain ending in @ptt.gov or trumporg.com. Please search the agency's record of official correspondence as well as the email accounts of the attached individuals. 2.*

*Communications, including electronic and letter correspondence, presentations, memorandum, and briefing materials and any attachments, Slack messages, and Skype for Business correspondence between agency staff and members of the transition landing team, including Myron Ebell, Chris Horner, Don Benton, Holly Greaves, Roger Martella, George Sugiyama, David Schnare, Joseph Desilets, Charles Munoz, Patrick Davis, David Kreutzer, Doug Ericksen, Justin Schwab, Layne Bangerter, and Brian Dandel. 3. Internal agency communications, including email, written correspondence, Slack Messages, and records of Skype for Business communications, that reference Myron Ebell. Please search the agency's record of official correspondence as well as the email accounts of the attached individuals. 4. Copies of Shannon Kenny's schedule from November 9 to January 19. 5. A copy of the the Trump transition team's Agency Action Plan. On January 23, 2017, there was a media report referencing the Agency Action Plan authored by Myron Ebell with a section titled "Addendum on the problems with ETA science." I am requesting the full report. 6. Copies of communications about the Agency Action Plan referenced above. Please use the same list of people referenced in the second part of this request.*

Hey Joan,

I've just completed uploading the files you've referred to us, and I just wanted to confirm: your email below says we're getting 11 files containing 173 pages, but what we actually received was 11 files of **137** pages. I figure it's just a typo in the email, but I wanted to make sure that we received everything we're supposed to!

Let me know if you have any questions.

Thanks,

Hello:

I am sending this and two following emails at the request of John Moran, Counsel to the President. [REDACTED] **Ex. 5 - Deliberative Process**

You will receive a total 11 attachments containing a total of 173 pages of records.

The records, created during the 2015 Flint, Michigan water crisis, contain the Executive Office of the President's National Security Council email addresses. The EPA is producing these records in response to multiple Flint Freedom of Information Act (FOIA) requests. We request your review and comment regarding White House equities before we release these records.

**Unless I receive a request to edit our redactions, we will release this material by November 17<sup>th</sup>.**

Please contact me with questions or concerns.

Thank you,

Joan

Hello John:

I did not hear from Julia today so felt I should check with you. We have an EPA mandate to complete older FOIAs and Flint is scheduled to be closed out.

We wanted to take the next step in our document production processing but I am holding until I hear from you.

Can you please let me know if you need more review time or have questions regarding the documents?

Regards,

Joan

Hello Julia:

Apologies for the delay. I wanted to use a new method of sharing folders and files. You should have received a link to a file containing 64 pdfs, totaling 1,139 pages. ( If this procedure does not work, I will send you the pdfs in a series of 16 emails.)

I am sharing the records because they contain White House Counsel equities and will be released in response to several media requests regarding the Flint. Michigan water crises.

If you need to share these files with others, you will need to download them to your network.

Please let us know if you have comments or requests regarding redactions. We would like to release these records in early December so I am requesting a response by Tues., Nov. 28<sup>th</sup>. If we do not receive a response by then, we may have to release the records before we have had the opportunity to incorporate your requested changes.

Thank you for your help with this work,

Joan

Hello Julia:

We need to provide you with Flint records divided into 64 pdfs. I can email them to you by sending them in 16 emails.

## Ex. 5 - Attorney Client

However, sometimes the most efficient method for reviewers is for me to email records in consecutive, numbered emails.

Please let me know your preference.

Thank you,

Joan

REQUEST REPLY BY DECEMBER 12  
[Edwards DHS referral docs.pdf](#)  
[image2017-11-08-071059.pdf](#)

Hello John:

EPA is responding to a FOIA request made to the Department of Homeland Security (DHS) about water sampling results from the President's and Vice President's residences. DHS referred the attached documents for EPA to make exemption determinations.

According to our water experts, there are concerns that the information could be easily reverse-engineered to determine the type of drinking water treatment system used by the residences. The knowledge would then allow someone to potentially know what type of harmful substance could be introduced into the residences' water systems.

EPA plans to withhold the attached information in full using FOIA exemption 7(e). 7(e) allows agencies to redact information compiled for law enforcement purposes if that information would disclose techniques and procedures used in law enforcement investigations.

The documents and request are attached for your review.

Thank you for your review of this material,

Joan
